gEHRiMed™
LTC Physician-Designed Portable EHR

30-DAY *Free Trial* **NO RISK!**

Pricing Made Easy.

gEHRiMed is the first Stage-2-Certified EHR designed exclusively for LTPAC medical providers. The cloud-based software helps reduce errors to deliver more accurate clinical assessments, while increasing physician productivity. By coupling real-time data capture with custom practice management tools, gEHRiMed simplifies the workflow for the multi-provider, multi-location practice. More than 1,200 LTC providers have adopted gEHRiMed as their EHR solution. Try us risk-free for 30 days and learn why gEHRiMed is the *only* EHR solution for LTC providers.
