

## **January Release – 01/29/2018**

### **Feature Updates**

#### **Patient Census Export**

Patients with date of births before 1930 will no longer display incorrectly in exported documents.

#### **Group Zip Codes**

Zip codes that begin with zero will now properly save on the Edit Groups window.

#### **Encounter Signatures**

When a signed encounter is exported the signature will no longer appear in the wrong place on split style documents.
