### Quick Search

Quick Search options that allow you to filter by status have been added at the top of the Encounter window:

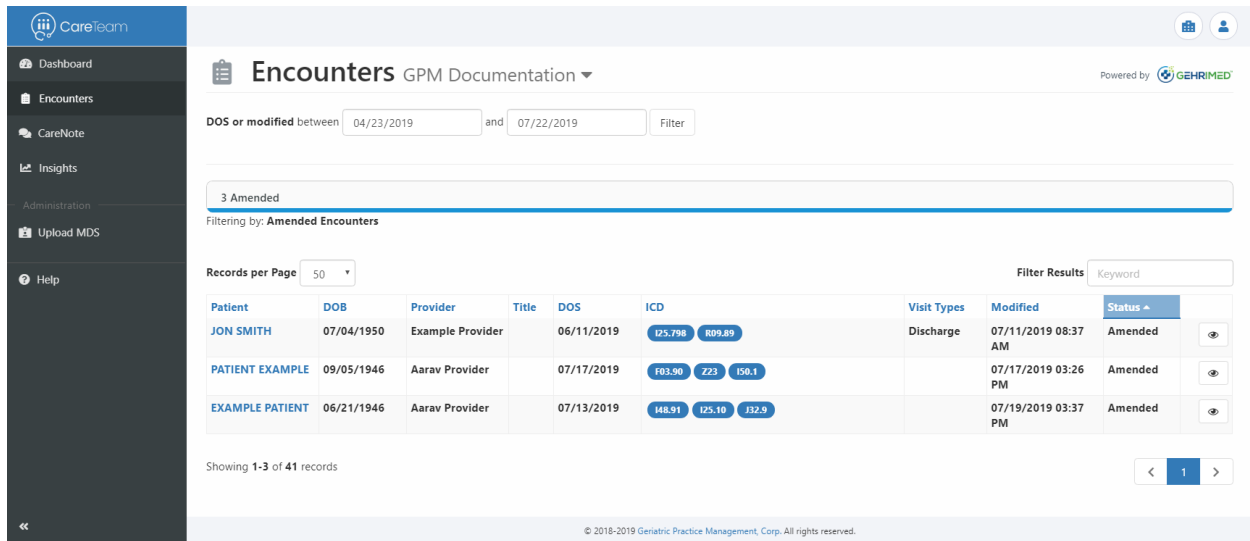

**Encounters** GPM Documentation Powered by GEHRIMED

DOS or modified between 04/23/2019 and 07/22/2019

3 Unsigned | 35 Signed | 3 Amended

By selecting one of the three status buttons, you can immediately filter your encounters to only those in that status:

## GEHRIMED Data Access Referral

Data Access for GEHRIMED Encounters is no longer assigned by inviting individual users, and user access to GEHRIMED Data has been streamlined for ease of use.

### [Redeem Referral Codes](#)

Fax and Email encounter deliveries that your facilities receive from GEHRIMED will now include Data Access Referral information:

## Still receiving GEHRIMED Patient Data by fax?

There is a better way!

- Immediate access to GEHRIMED encounters (un-encrypted PDFs) as soon as they are signed.
- Instant communication and file sharing that is as easy to use as SMS, and fully HIPAA compliant.

Start using

today. It's free.

To claim your unique token:

- Create a new CareTeam account at [app.careteamhub.com/Register](http://app.careteamhub.com/Register)
- Or, if you already have a CareTeam account, go to [app.careteamhub.com/Organization/Locations](http://app.careteamhub.com/Organization/Locations)

### Your Unique Referral Code(s):

#### GPM Documentation

GPM Documentation: **CXn7ff** EXP: 17/07/2019

If you no longer wish to receive this opportunity, call GPM Support at 855-829-2060, send an email to [support@gpm.md](mailto:support@gpm.md), or contact the GEHRIMED Provider Group.

**Note:** Fax deliveries will only occasionally include a cover letter with Data Access Referral information. Your email deliveries will always include a referral code.

### New Users

New Users may redeem their referral code on the Registration window by selecting the *Got a GEHRIMED Referral Code?* option when creating a new account:

### Organization

What Organization should this CareTeam account be for?

**Name**

**Address**

**Address 2**  **City**

**State**  **Zip Code**

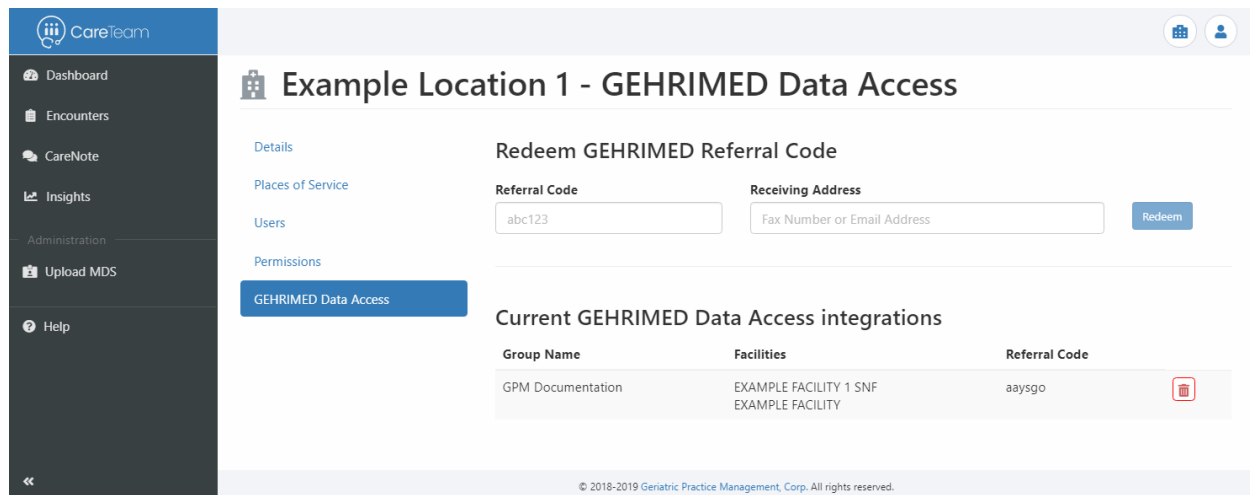

**Create a Location (optional)**

**Got a GEHRIMED Referral Code?**

**I agree to the [Terms of Use](#) and the [Privacy Policy](#) governing the use of this site.**

## Existing Users

If you receive a referral code and are already a CareTeam user (or if you receive multiple referral codes and need to enter them after you have registered) Organization Administrators may do so from the Location Details, under the **GEHRIMED Data Access** tab:

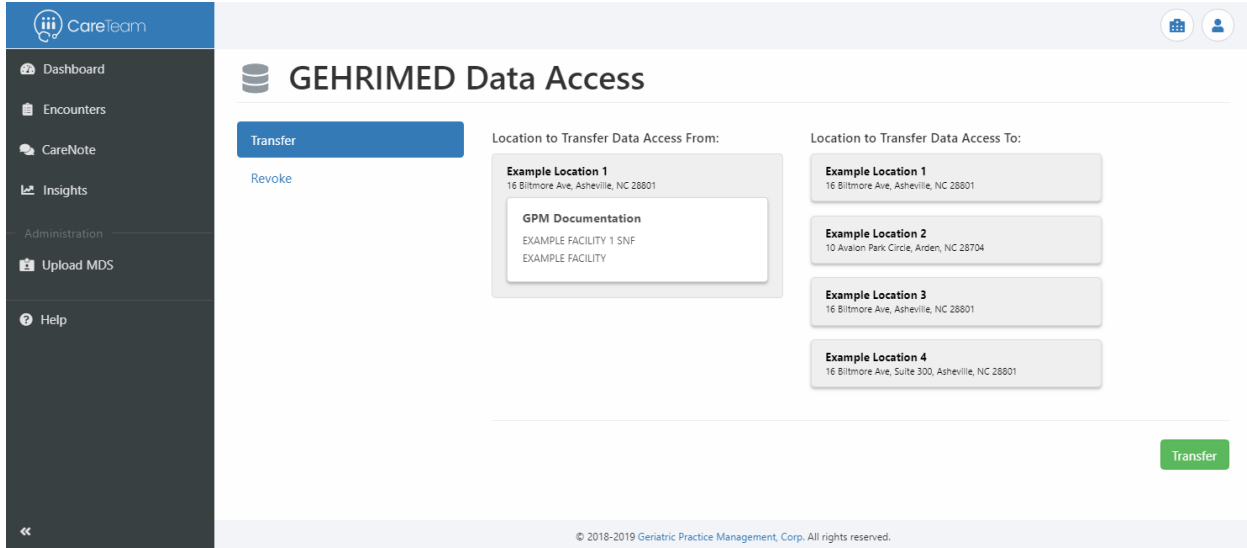

Group Name	Facilities	Referral Code	
GPM Documentation	EXAMPLE FACILITY 1 SNF EXAMPLE FACILITY	aaysgo	

Enter the referral code and the email or fax address by which you received the referral code to establish data access.

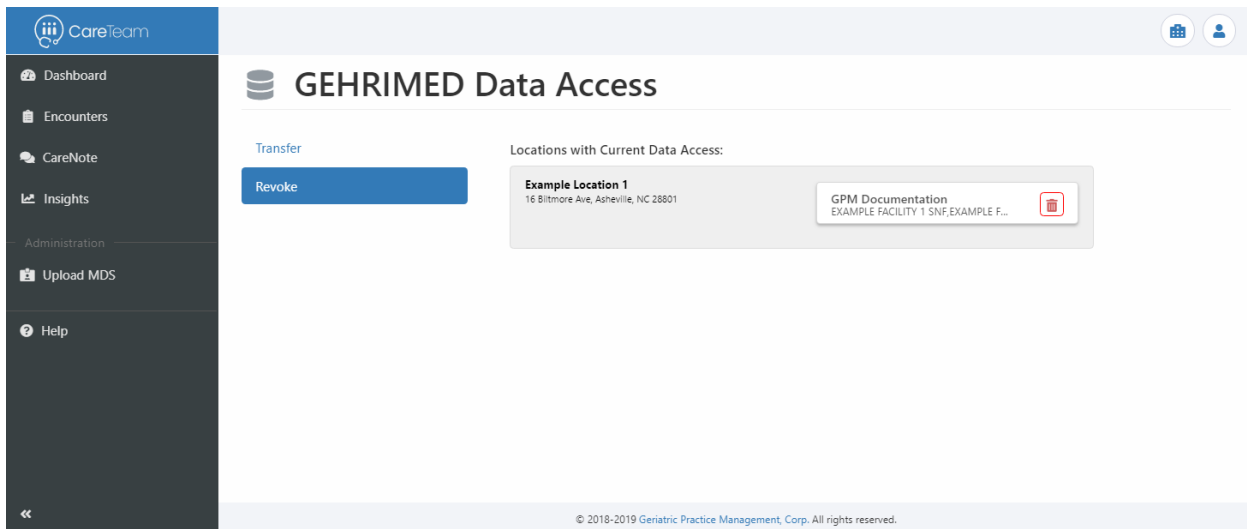

## Manage Data Access

Once data access has been established for a location, your Organization Administrators may manage Data Access for all Locations by selecting **GEHRIMED Data Access** in the Organization Management Dropdown:

The screenshot shows the 'GEHRIMED Data Access' interface. On the left is a navigation sidebar with options: Dashboard, Encounters, CareNote, Insights, Administration (Upload MDS), and Help. The main content area has a 'Transfer' button and a 'Revoke' button. Below these are two columns: 'Location to Transfer Data Access From:' and 'Location to Transfer Data Access To:'. The 'From' column contains a card for 'Example Location 1' with 'GPM Documentation' details. The 'To' column contains four cards for 'Example Location 1' through 'Example Location 4'. A green 'Transfer' button is at the bottom right. A footer contains the copyright notice: © 2018-2019 Geriatric Practice Management, Corp. All rights reserved.

When managing the GEHRIMED Data Access for your organization you may transfer Data Access between Locations, or revoke and established Data Access:

The screenshot shows the 'GEHRIMED Data Access' interface with the 'Revoke' button selected. The 'Locations with Current Data Access:' section contains a card for 'Example Location 1' with 'GPM Documentation' details and a red trash icon. The navigation sidebar and footer are the same as in the previous screenshot.

## User Permissions

CareTeam users will now be granted data access simply by being granted the Encounter Permission at the Location level:

- Dashboard
- Encounters
- CareNote
- Insights
- Administration
- Upload MDS
- Help
