

Release Notes – Nov. 2019

Issues Addressed

Issues Addressed

- Scheduled visits on the Patient Census now sort correctly by date.
- When answering a Quality Measure with a nested response structure that has been previously answered for a patient, selection of a nested response will now auto-select the top-level response that was previously answered.

Patient: JOLENE PATIENT Facility: EXAMPLE FACILITY 1 SNF Provider: Example Provider Show Encounter Preview Print	DOB: 01/15/1947 (72 yrs) Encounter ID: 3071708 DOS: 10/28/2019	
Measure #47 Eigèle Advance Care Plan Eigèle Measure #110 Eigèle Preventive Care and Screening: Influenza Immunization Eigèle Measure #128 Eigèle Preventive Care and Screening: Body Mass Index (BMI) Screening and Follow-Up Plan Measure #130 Eigèle Documentation of Current Medications in the Medical Record Measure #134 Measure #134 Eigèle Preventive Care and Screening: Screening for Depression and Follow-Up Plan Eigèle Measure #154/155 Eigèle	Measure #154/155 / NQF #0101 Percentage of patients aged 65 years and older with a history of falls that had a risk assessment for falls completed within 12 months. Patient screened for future fall risk; documentation of two or more falls in the past year or any fall with injury in the past year. [1100 Falls risk assessment documented [3288F] Risk Assessment - Comprised of balance/gait AND one or more of the following: postural blood pressure, vision, home fall hazards, and documentation on whether medicators are a contributing factor or not to falls within the past 12 months. Risk Assessment for falls not completed for medical reasons. [3288F 1P] Documentation of medical reason(i) for not completing a risk assessment for falls (whether is not ambulatory, bed ridden, immobile, confined to rial; whetichair, independent in wheelchair, independent in wheelchair, or minimal help in wheelchair). Falls risk assessment NOT completed, reason not otherwise specified. [3288F 6P] Hospice services for patient provided any time during the measurement period. Facesheets

GEHRIMED now supports dedicated facesheet attachments on the patient record. A scanned document or image of the facility facesheet or a photo taken with an iPad or tablet device can be captured as a facesheet attachment. Depending on your organization's GEHRIMED implementation, Administrative

users may require facesheets be uploaded, and the GEHRIMED Facility can be set to require a facesheet for a patient. GEHRIMED Clinician's will upload facesheets in the patient details.

Managing a Patient's Facesheet(s)

Clinicians will access the Facesheet information from the patient details.

1. In the Patient details select the Upload Facesheet option from the patient card

Select smoking status	Patient Facility Insurance Visited By .ast Visited DOB Gender Contact By Status	JOLENE PATIENT EXAMPLE FACILITY Example Provider 10/08/2019 01/15/1947 F Active	1 SNF C-CDA v	Floor Room Language Ethnicity Racce Age Patient ID Effective Date Upload Facesheet ()	72 2391078 07/16/2019 Edit Patient	Emergency Contact	Problem List + H40.9 365.9 M54.5 847.2 Q24.5 746.85	Medications Prescript Glaucoma (increased e Weight lifter's back Coronary artery abnor	ons Allergies ye pressure) mality	09/17/2019 09/17/2019 09/17/2019		2 × 0 4 0 4 0 4 0 4 0 4

Required Facesheets

Depending on your GEHRIMED settings, you may be required to upload a facesheet for a patient.

If a facesheet is required GEHRIMED will display a warning icon on the patient details:

Additionally, you will be prompted to add it when accessing the patient record or launching a new encounter:

						Problem: List	Medications Glaucoma (inc Weight lifter's	Prescription treased eye back	s Allergies •		09/1	72333 (C) 72333 (C)	0 ×

Prompting Facesheets for a Facility

GEHRIMED Administrator Users may configure GEHRIMED facilities to prompt their clinical users for a facesheet by default.

To enable this prompting, select **Prompt for facesheets** option on the Edit Facility details:

Edit Facility						2 🛛
Facility Information	Facility Contact	Delivery Information	Additional Delivery Contact(s)			
Facility M	Name EXA	MPLE FACILITY 1 SN	F	Phone	828-123-4567

	🔲 Re	equires Co-Signature			Prompt for Facesheets	
Date entered: 08/2	21/2018 3:33:00	PM			Close	Save

Note: When enabled for a facility in GEHRIMED, prompting will be enabled for all patients seen at the facility who do not have a facesheet captured. This includes existing... patients in GEHRIMED previously associated with another facility, even if they have a preexisting facesheet attachment.

Managing a Facility's Facesheets

GEHRIMED Administrators may manage the Facesheets for all patients associated with a GEHRIMED Facility by selecting **Mange Facesheets** in the Options menu.

On the Manage Facesheets window search for the facility for which you want to display patients:

Once you have selected a facility all active patients are displayed:

Manage Facesheets for facility EXAMPLE FACILITY 1 SNF

Manage RVUs

GEHRIMED Company and Group Administrators may access the RVU Management window, which enables them to modify clinician goals, and set Custom RVU amounts.

Access the Goals window by selecting Manage RVUs in the Options menu.

Goals

Administrators may set goals for the clinicians in their Group(s) on the Goals tab:

Manage RVUs											2	
Goals Custom RVUs												
Search		Result	s									
Available	Selected	Goals fo manual	r each clinician are liste goal has already been e	d by week. entered. Go	If a default go als that were	oal value is set not achieved a	, that default v ppear in red.	vill be applied	at the beginnin	ig of each week	unless a

Default Goal

The Default Goal enables you to set a goal RVU value that is automatically applied at the beginning of each week (on Sunday at 12:00 AM).

Past Goals

The last six weeks of Goals are displayed and may be modified to reflect any change to the use.

3. Select the 🖹 icon to save the changes.

Custom RVUs

Administrators may change the RVU associated with a CPT in GEHRIMED to match their practice's policies.

To Set a Custom RVU:

1. On the Custom RVUs tab search for the CPT Code for which you want to create a custom value:

Manage	e RVUs					0 🖬
Goals	Custom RVUs					
Add	CPT Code 99305					View Change Log
	CPT Code	Or	riginal RVU	Custom RVU	Activation Date	
		_				
						Close

2. Select the CPT Code and click the 📑 icon to add it to the table:

Manage	RVUs					0
Goals	Custom RVUs					
Add	CPT Code 99305	+				View Change Log
	CPT Code	CPT Description	Original RVU	Custom RVU	Activation Date	
	99305	NF ASSESSMENT - MODERATE COMPLEXITY	2.35	2.35	Fri Oct 25 2019	Û
						Close

3. Select the *icon* associate with the CPT for which you want to create a custom value to launch the editor:

Manage R	\VUs					0 🛛
Goals	ustom RVUs					
Add	CPT Code 99305	+				View Change Log
	CPT Code	CPT Description	Original RVU	Custom RVU	Activation Date	
×B	99305	NF ASSESSMENT - MODERATE COMPLEXITY	2.35	3.00	Fri Oct 25 2019	<u> </u>
						Close

Custom RVU

The Custom Value of the RVU associated with the CPT Code.

Activation Date

The Activation Date determines the effective date of the Custom RVU value. You may not enter an activation date in the future.

4. Enter the Custom RVU amount and select the 💾 icon to save the Custom RVU.

RVU Dashboard

The RVU Dashboard enables Clinicians and Administrators to view the achieved Relative Value Units for Clinicians.

Access the dashboard by selecting **RVU Dashboard** in the **Options** menu:

Groups

The Groups level is only available to Company Level Administrators, and may display the total RVUs for all clinicians in all groups in the company for the selected date range:

The Group level will always display groups - if clinicians are added to filter then the chart will display the Groups, but only the RVU total for the selected Clinicians will be displayed.

<u>Group</u>

The Group level is only available to Group and Company Administrators, and displays the total RVUs for all clinicians in the selected group:

RVU Dashboard		0 🖬
Search	• 📈 🎟	RVU Total: 62.35
Date Range Previous Month Next Start Date (required) End Date (required) 09/01/2019 09/30/2019 Available Selected Filter by Group Filter by Clinician	20	RVU Totals for Sun Sep 01 2019 – Mon Sep 30 2019 GPM Documentation
Export Reset Search		+ Provider, Example + Provider, Ezra

<u>Clinician</u>

The Clinician Level is available to all GEHRIMED users. Company and Group Administrators may view the RVU data for any individual in their groups, while Clinicians may view only their own RVU data:

NOTE: Clinical users may only filter by date range.

On the Clinician level, the Clinician's total RVU is displayed for the date range selected, as well as the clinician's weekly goals for that date range.

Filtering

RVU Dashboard filtering options are additive: they will restrict the displayed information to what criteria is selected. At the Groups level (Company Administrators) the displayed groups total RVU amount is determined by the selected Clinicians. At the Group Level (Group Administrators) you may select the clinicians displayed. No filtering options are available at the Clinician level.

Export

You may export data that you have filtered by selecting the **Export** button at the

NOTE: The Export will capture all data within the filter, regardless of your displayed level.
