Feature Enhancements

Patient Preferred Name

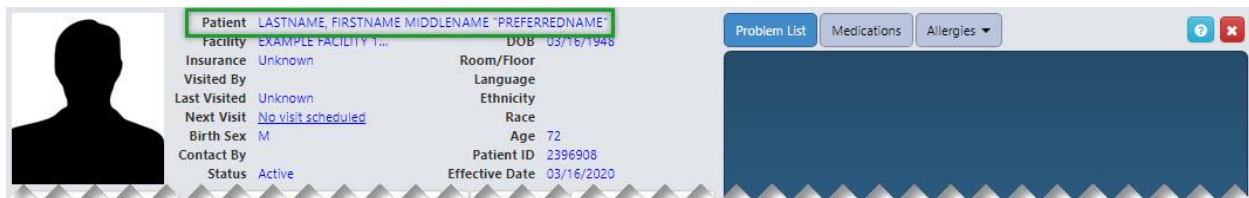

A Patient's Preferred Name can now be recorded in the Edit Patient Window:

The screenshot shows the 'Edit Patient' interface with the 'Patient Personal Information' tab selected. The 'Preferred Name' field is highlighted with a green border and contains the text 'PREFERREDNAME'. Other fields include First Name (FIRSTNAME), Middle Name (MIDDLENAME), Last Name (LASTNAME), Previous Name, Suffix, DOB (03/16/1948), Age (72), SSN, Facility (EXAMPLE FACILITY 1 SNF [28808]), Smoking Status (Select smoking status), Smoking Status Change Date (03/16/2020), Language (Select a language), Race (SEARCH FOR RACE), and Ethnicity (SEARCH FOR ETHNICITY). There are also checkboxes for 'Declined' next to the Language, Race, and Ethnicity fields.

Once you have entered a preferred name for a patient, it will display on the patient's details page and on the header of the patient's encounters:

NOTE: The preferred name will only appear in the GEHRIMED UI. It will not be included with the encounter document.

The screenshot shows the 'Patient Details' page. The patient's name is displayed as 'LASTNAME, FIRSTNAME MIDDLENAME PREFERREDNAME'. The preferred name is highlighted with a green box. Other patient information includes Facility (EXAMPLE FACILITY 1...), DOB (03/16/1948), Insurance (Unknown), Room/Floor, Language, Last Visited (Unknown), Ethnicity, Next Visit (No visit scheduled), Race, Birth Sex (M), Age (72), Contact By, Patient ID (2396908), Status (Active), and Effective Date (03/16/2020). There are tabs for 'Problem List', 'Medications', and 'Allergies'.

User names and Patient Names

User names and Patient Names will now be displayed in the "LastName, FirstName" format throughout GEHRIMED.

Patient Details Enhancements

There have been several improvements to the GEHRIMED Patient Demographics to improve ease of use:

- The Patients Next Scheduled visit is now displayed in the patient's details card.
- The Room and Floor items now share a single line on the Patient Card.

- The “Gender” field has been relabeled “Birth Sex”.

Actions Dropdown

The **Edit Patient** and **Emergency Contact** buttons are now options in the **Actions** dropdown:
