MIPS REPORTING via the GPM QCDR

As a CMS-approved 2020 Qualified Clinical Data Registry (QCDR), GPM provides a seamless MIPS reporting process for all GEHRIMED users to maximize their MIPS reporting strategies. Picking the best strategy for your practice can be confusing, and every practice has an optimal participation pace. GPM can help you pick the right pace, avoid penalties, and streamline your ability to document covered care in a fee-for-service model.

- 1  **MIPS PLANNING SUPPORT**
Review personalized options to avoid a penalty and potentially earn an incentive.
- 2  **GROUP & INDIVIDUAL REPORTING**
Report as a group and/or higher performing ECs also report individually to maximize your score.
- 3  **MIPS EXPERTISE & RESOURCES**

REPORTING³	Group and/or individual	Group and/or individual	Group and/or individual
COST	\$200 per reporting provider	\$400 per reporting provider	\$600 per reporting provider

1 Participation in the GEHRIMED 2020 MIPS QCDR Reporting Program does not guarantee an incentive. Avoiding the penalty is contingent on the customer meeting all objectives set forth by CMS.
2 Call time is with one designated person per group, not per reporting provider. If additional MIPS Support is required, it is at your contracted rate for Professional Services and will be invoiced as utilized.
3 Reporting - Cost is for Group OR Individual Reporting Only. Additional charges apply if submitting both Group and Individual Data.
