

2020

MIPS REPORTING via the GPM QCDR

As a CMS-approved 2020 Qualified Clinical Data Registry (QCDR), GPM provides a seamless MIPS reporting process for all GEHRIMED users to maximize their MIPS reporting strategies. Picking the best strategy for your practice can be confusing, and every practice has an optimal participation pace. GPM can help you pick the right pace, avoid penalties, and streamline your ability to document covered care in a fee-for-service model.

- 

MIPS Dashboard
Track your progress throughout the year with an easy-to-manage dashboard.
- 

MIPS Planning Support
Review personalized options to avoid a penalty and potentially earn an incentive.
- 

MIPS Score Check
Receive real-time feedback on your MIPS data and preview your score at any time.
- 

MIPS Expertise & Resources
GPM's Regulatory Team is here to guide you to a better understanding of MIPS.
- 

Group & Individual Reporting
Report as a group and higher earning ECs also report individually to maximize score.

	WALK	JOG	RUN
PACE GOAL¹	45 points	46 - 84 points	85 - 100 points
	Avoid 9% penalty	Avoid 9% penalty & earn potential small bonus	Avoid 9% penalty & earn potential modest bonus
SUPPORT²	1-hour setup call	1-hour setup call	1-hour setup call
	1-hour support call (November)	1-hour support call (quarterly)	1-hour support call (monthly)
REPORTING³	Group and/or individual	Group and/or individual	Group and/or individual
COST	\$200 per reporting provider	\$400 per reporting provider	\$600 per reporting provider

¹ Participation in the GEHRIMED 2020 MIPS QCDR Reporting Program does not guarantee an incentive. Avoiding the penalty is contingent on the customer meeting all objectives set forth by CMS.
² Call time is with one designated person per group, not per reporting provider. If additional MIPS Support is required, it is at your contracted rate for Professional Services and will be invoiced as utilized.
³ Reporting - Cost is for Group OR Individual Reporting Only. Additional charges apply if submitting both Group and Individual Data.

Curious to learn about the other ways in which we help LTPAC practitioners like you succeed in MIPS?

During our latest live webinar, our in-house experts explained exactly how MIPS reporting in 2020 differs from the year prior and responded to pressing questions from GEHRIMED users.
