Issues Addressed

A bug that caused GEHRIMED to return users to the login screen from the Vitals section of the encounter has been corrected. An issue causing the Windows Launcher to crash when logging in to Dragon has been corrected. Print functions in Updox and DrFirst launched from GEHRIMED will now function has expected. The Pinch-to-Zoom function for Windows Laptops will now function as expected. Zoom Settings will now save and persist until reset by the user in the Windows Launcher.

Note: Zoom settings are only changed by utilizing the 'Zoom In', 'Zoom Out', 'Zoom Reset'; selecting Control -,+,0; or utilizing a mouse scroll-wheel.

Launcher Updates

The GEHRIMED Windows Launcher application has been updated to improve user experience and correct a number of issues around GEHRIMED crashing or requiring users to uninstall and then reinstall the GEHRIMED Launcher application.

Note: This launcher only applies to Microsoft Windows users. iPad and MacOS users are not impacted.
